

CV

Gord Nahwegahbo

Field Technical Review Specialist

Professional Overview

Gord has been an active member of Aquarius Building Consultants for approximately six years. Having worked on both sides of the industry (consultancy and construction delivery), Gord brings his diverse experience and academic attributes to our team.

Prior to becoming the firm's senior field technician and status of construction review specialist, some of Gord's professional highlights included his past role as a certified service technician in HVAC & refrigeration, as well as electronic propulsion systems. He has also obtained experience as a site superintendent during the construction of Aquarius Building Consultant's main Calgary office.

Gord brings this direct site experience to Aquarius Building Consultants having worked with a number of industry leaders including:

- **Bombardier**
- **Northern Air Environmental Technologies Inc.**
- **Carmichael Engineering Ltd.**
- **Gateway Mechanical**
- **Aquarius Building Consultants.**
